Can we contact you if necessary?

## Date surveyed

### How to survey for reptiles

- Visit a site of your choice **once\* between March and October**. This can be your garden, a local nature reserve, park or anywhere else you want to go for a walk.  
(\*You can make more than one visit but you will need to fill out a separate form for each visit)
- Spend **30 minutes visually searching**, noting any reptiles that you see. (see our ID guide for help).
- **Take photos**, especially if you are not sure of what you have seen.
- Fill in the form below and / or **record your results** online (<http://jerseybiodiversitycentre.org.je/>). Alternatively, send your form to: Reptilewatch, Natural Environment, Growth Housing and Environment, Howard Davis Farm, Trinity, JE3 5JP.  
Send in your results **even if you don't see anything**.

Remember that Jersey's native reptiles are protected by law, and should not be harmed, taken or possessed, nor should their breeding or resting sites be disturbed.

### Survey location

Location name

Parish

Location  
(address,  
postcode or  
description)

## Data protection and consent

### Important information

Before signing this form please read the following consent information carefully. It explains how your information will be used and provides a brief description of your rights under Jersey's Data Protection Law. For further information on how the Department of the Environment handles personal data please visit <http://www.gov.je/howweuseyourinfo>

### Your Consent - I am aware and agree

That the personal information supplied in this form, together with any other accompanying information, is to be used for the purpose of providing metadata associated to the information collected during my volunteering activities.

That any information I collect during my volunteering activities will be shared with other interested parties (such as the Jersey Biodiversity Centre) and will be used to provide published statistical data and reports.
