Site details

Site name

Site grid reference

Site location

(address or description)

Post code

Have you completed a Landowner Survey Consent Form?

Site assessment

Habitat connectivity

Which of the following best describes reptile habitat at your survey site? (tick **one** only)

Completely isolated from other areas

Isolated by sub-optimal habitat

Linked by corridors of good habitat

Part of a larger area of good habitat

Patch size

Estimated patch size of reptile habitat at your survey site (tick **one** only)

<1 ha

1–5 ha

6–10 ha

11–50 ha

>50 ha

Survey route (refer to survey handbook)

Was permission refused for any areas?

How many artificial refugia did you lay out?

Describe the sections of your survey route. (See handbook)

Section number	Length (m)	Section habitat type	Habitat code	No. refugia	Section coordinates	
					Start	End
<i>Example</i>	<i>150</i>	<i>Dense scrub</i>	<i>h3</i>	<i>3</i>	<i>49.224204, -2.228506</i>	<i>49.225063, -2.226356</i>

Survey conditions

Visit no.:	Average wind speed (0–6, choose <i>one</i> option).	Code	Specifications on land	Rain
Date:		0	Smoke rises vertically	(0–3, choose <i>one</i> option).
🕒 Start time (24h):		1	Slight smoke drift	0 = none
🕒 End time (24h):		2	Wind felt on face and leaves rustle	1 = yesterday
Time spent surveying (mins):		3	Leaves & twigs in constant motion	2 = earlier today
Cloud cover (%):		4	Raises dust and small branches move	3 = during survey
		5	Small trees in leaf begin to sway	
		6	Large branches move & trees sway	

Survey effort

No. artificial refugia checked

11

No. pre-existing refugia checked

1

Supplementary species (which other species are you surveying for?)

Small mammals		Cockroaches		Beetles		Butterflies & moths	
---------------	--	-------------	--	---------	--	---------------------	--

What did you see? (continue on another page if needed)

[illegible]
